

THE FLEISHMANHILLARD INTERNSHIP PROGRAM

Johannesburg

ABOUT THE OFFICE

FleishmanHillard's South Africa office, located in Bryanston, Johannesburg, provides a strong culture of learning and teaching. Part of a global agency, we are nimble enough to serve our clients with a tailor-made team that can provide local solutions, reflected in our own our broad-based BEE deal with the Community and Individual Development Investment Trust.

Our internship programme is designed to give successful candidates access to all aspects of the agency. This means access to some of the country's most prestigious brands. It also means invaluable insights and experience from some of South Africa's leading experts. The salary offered is competitive, and we emphasise the importance of ensuring interns have enough time for studies.

SESSIONS AVAILABLE

Applications will be accepted between 01 November and 25 January. The internship, which lasts 12 months, begins in March.

KEY QUALIFICATIONS AND APPLICATION REQUIREMENTS

We have a review process that ensures we have covered what the universities require, as well as what is relevant for working in the PR industry. We are mindful of university commitments and make allowances for them. Interested candidates must complete and submit an application form - available at fleishman.co.za/careers/internships - between 01 November and 25 January to qualify for the next round. All interns must be South African citizens and must be taking a course in communications that requires them to have an internship to qualify.

From these candidates, a group will be selected to complete a half-day workshop in February. The final candidates will be chosen from this workshop and will be required to begin the 12-month internship in March.
